## 4.2 WRITTEN QUESTIONS PROVIDED IN ADVANCE:

## 4.3 <u>PUBLIC QUESTIONS FROM THE GALLERY</u>:

### 4.3.1 Drainage of East Popanyinning

Mr Barry Woods asked about what can be done regarding drainage issues in the eastern part of the Popanyinning townsite around Victoria, Alexandra and Daylesford Streets and Popanyinning East Road.

With the recent rain, there remains significant amounts of standing water that could pose health problems going forward. In particular an issue with moquitos is a concern of residents.

Mr Woods identified issues around:

- connecting drainage from the Victoria Street/East Popanyinning Road through to the Hotham River;
- possibility of drainage channels down East Street to the Hotham River;
- water being retained in drainage around Victoria Street and Alexadra Drive where recent roadworks have been completed;
- issues with the widening of East Popanyinning Road in the past that has left road side drains unconnected and full of tree matter; and
- drainage in past the Popanyinning Cemetary.

Cr Haslam identified that the area of Victoria, Alexandra and Daylseford Streets, and Popanyinning East Road, when being used as agricultural land rather than rural lifestyle lots, had extensive low lying areas that were regularly under water during times of high rainfall.

Cr Newman reminded the meeting that drainage solutions would need to comply with envionrmental legislation that did not permit underground water to be drained into waterways.

Shire President, Cr Conley, agreed that Council should investigate potential solutions to establish what the costs of rectifying issues were.

|  | 4.3.2 | Road Condition – Merwanga Road |
|--|-------|--------------------------------|
|--|-------|--------------------------------|

Mr Woods asked about the condition of Merwanga Road and what Council was doing to fix any issues with the road. Merwanga Road is a school bus route.

Chief Executive Officer, Mr Gary Sherry, advised that Council staff had been aware of condition issues with Merwanga Road for about a fortnight and had installed warning signs on the road. Being a gravel road and with the recent extended rain, Merwanga Road had a number of potholes. The recent wet weather had also required that maintenance grading operatations cease for a time which delayed the Shire response. Mr Sherry advised that grading operations had re-commenced today and Merwanga Road is expected to be graded tomorrow.

Mr Woods left the meeting at 2.12pm.

#### <u>Summary</u>

#### Council is to consider the Statement of Financial Activity for July 2017.

#### **Background**

As per the Financial Management Regulation 34 each Local Government is to prepare each month a statement of financial activity reporting on the sources and applications of funds, as set out in the annual budget under regulation 22(1) (d), for that month with the following detail

- The annual budget estimates,
- The operating revenue, operating income, and all other income and expenses,
- Any significant variations between year to date income and expenditure and the relevant budget provisions to the end of the relevant reporting period,
- Identify any significant areas where activities are not in accordance with budget estimates for the relevant reporting period,
- Provide likely financial projections to 30 June for those highlighted significant variations and their effect on the end of year result,
- Include an operating statement, and
- Any other required supporting notes.

#### <u>Comment</u>

#### General Purpose Funding

Rates were issued on the 4<sup>th</sup> August, posted to July creating a timing difference on the report.

#### Governance

LSL reimbursements from other Shire's was not budgeted but has been recouped. Unbudgeted vehicle transfers on the CEO and DCEO cars has resulted in a loss on asset disposal figure (\$11,193). Administration vehicle costs were not allocated out (\$10,153).

#### Law, Order & Public Safety

An advance was paid in June for the Quarter 1 payment of the Emergency Services Levy Grant (\$6,875).

#### **Community Amenities**

Rubbish collection charges were raised with Rates and were also posted to July, creating a timing difference for income.

Local Planning Strategy has no expenditure recorded against it, though it was budgeted to have spent some.

#### Transport

Depreciation journals have not yet been run, creating a timing difference on expenditure.

#### **Economic Services**

Building expenses are lower than budgeted.

#### **Other Property and Services**

Private Works income is under budget, balanced by expenditure also coming in under budget.

#### Capital Expenditure

Dryandra Regional Equestrian Shelter project will still has some funds to expend, this is expected to be completed in August. Contributions will be sought as the expenditure is completed.

Detailed breakdown of all variances provided in Note 2 of the Statement of Financial Activity.

Administration Allocations done to June 2017.

Depreciation expenses calculated to June 2017. No asset transaction will be run for 2017/18 until the Audit Report has been approved.

#### Note 1: Significant Accounting Policies

#### (a) Basis of Accounting

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities), Australian Accounting Interpretations, other authoritative pronouncements of the Australian Accounting Standards Board, the Local Government Act 1995 and accompanying regulations. Material accounting policies which have been adopted in the preparation of this statement are presented below and have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected

#### **Critical Accounting Estimates**

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### (b) The Local Government Reporting Entity

All Funds through which the Council controls resources to carry on its functions have been included in this statement. In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between Funds) have been eliminated. All monies held in the Trust Fund are excluded from the statement, but a separate statement of those monies appears at Note 12.

#### (c) Rounding Off Figures

All figures shown in this statement are rounded to the nearest dollar.

#### (d) Rates, Grants, Donations and Other Contributions

Rates, grants, donations and other contributions are recognised as revenues when the local government obtains control over the assets comprising the contributions. Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

#### (e) Goods and Services Tax

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are

#### (f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

#### (g) Trade and Other Receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets. Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

#### (h) Inventories

#### General

Inventories are measured at the lower of cost and net realisable value. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs *Land Held for Resale* 

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed. Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point. Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

#### Attachment 9.1.2A

#### (i) Fixed Assets

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined

#### (j) Depreciation of Non-Current Assets

All non-current assets having a limited useful life are systematically depreciated over their useful lives in a manner which reflects the consumption of the future economic benefits embodied in those assets

Depreciation is recognised on a straight-line basis, using rates which are reviewed each reporting period. Major depreciation rates and periods are:

#### (k) Trade and Other Payables

Trade and other payables represent liabilities for goods and services provided to the Council prior to the end of the financial year that are unpaid and arise when the Council becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### (I) Employee Benefits

The provisions for employee benefits relates to amounts expected to be paid for long service leave, annual leave, wages and salaries and are calculated as follows:

(i) Wages, Salaries, Annual Leave and Long Service Leave (Short-term Benefits)

The provision for employees' benefits to wages, salaries, annual leave and long service leave expected to be settled within 12 months represents the amount the Shire has a present obligation to pay resulting from employees services provided to balance date. The provision has been calculated at nominal amounts based on remuneration rates the Shire expects to pay and includes related on-costs.

#### (ii) Annual Leave and Long Service Leave (Long-term Benefits)

The liability for long service leave is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the reporting date using the project unit credit method. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service. Expected future payments are discounted using market yields at the reporting date on national government bonds with terms to maturity and currency that match as closely as possible, the estimated future cash outflows. Where the Shire does not have the unconditional right to defer settlement beyond 12 months, the liability is recognised as a current liability.

#### (m) Interest-bearing Loans and Borrowings

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

Borrowings are classified as current liabilities unless the Council has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

#### **Borrowing Costs**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset.

#### (n) Provisions

Provisions are recognised when: The council has a present legal or constructive obligation as a result of past events; it is more likely than not that an outflow of resources will be required to settle the obligation; and the amount has been reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one of item included in the same class of obligations may be small.

#### (o) Current and Non-Current Classification

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Council's operational cycle. In the case of liabilities where Council does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for

#### **Comments - Rating Information**

All land except exempt land in the Shire of Cuballing is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire.

The general rates detailed above for the 2016/17 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also bearing considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of the Local Government services/facilities.

#### <u>Summary</u>

#### Council is to consider writing off a sundry debtor for Main Roads Direct Grant funds.

#### Background

Every year Main Roads WA (MRWA) supplies Council's in Western Australia with an untied Direct Grant to be used on road maintenance. The amount of funding was advised to Council in June 2017 as per normal and used in the budgeting process.

The Shire of Cuballing was advised to expect to receive \$99,902 in Direct Grants funds from MRWA in 2017/18. This amount was incorporated into Council's 2017/18 Budget adopted by Council on 20<sup>th</sup> July 2017.

Invoices to MRWA for the Direct Grant are raised and submitted with a Certificate of Completion for the previous years works in July each year to assist Council with cashflow prior to the receipt of rates. Council staff raised this invoice on 14<sup>th</sup> July 2017.

#### <u>Comment</u>

On 27<sup>th</sup> July 2107 the State Government advised via the media that the total funding pool provided to MRWA for Direct Grants to all local governments was to be reduced by 42% or \$10.3 million. This reduction was justified in that the State government had anticipated receiving a similar amount from the withdrawal of the vehicle licencing concession to local governments and in the interests of budget repair, the McGowan Labour Government had to respond to neutralise this setback by making offsetting reductions in expenditure.

This announcement has led to a reduction in the amount of funding for the Shire of Cuballing Direct Grant allocation from the expected \$99,902 to \$57,535.

The invoice currently raised is therefore no longer accurate and needs to be written off. Council Policy *F1: Outstanding Debtors* requires that this is done by resolution of Council.

Shire staff will raise an invoice for the new Direct Grant allocation once it has been confirmed by MRWA.

#### Strategic Implications

This appears to be a permanent reduction in road funding for local governments. Currently WALGA is negotiating a State Road Funding Agreement with the State Government to renew the current agreement that expires in June 2018. This agreement has in the past required 27% of all vehcile licencing recipts be provided to local governments as road funding. Currentlty only 21% of all vehcile licencing recipts are being provided to local governments as road funding for local governments as road funding.

#### Statutory Environment

Council's Delegation Register provides limited delegated authority for the Chief Executive Officer

#### F1: Outstanding Debtors

The Chief Executive Officer is delegated the authority to write off uncollectable, economically uncollectable or erroneously created debts, in the following manner:

- 1. Where a Sundry Debtor invoice has:
  - a. a value of less than two hundred and fifty dollars;
  - b. has been outstanding for at least 90 days; and
  - c. in the Chief Executive Officer's opinion, will not be economically practical to pursue payment of the account through the court system;
    - the Chief Executive Officer may approve that the invoice be written off.
- 2. Where a Sundry Debtor invoice, less than two hundred and fifty dollars in value, has been raised in error, the Chief Executive Officer may approve that the invoice be written off.
- 3. Where Rates Debtor accounts have a balance less than ten dollars and, in the Chief Executive Officer's opinion, it will not be economically practical to pursue payment of the account through the court system, the Chief Executive Officer may approve that the amount be written off.
- 4. Where a Rates debtor amount, less than ten dollars, was raised in error, the Chief Executive Officer may approve that the amount be written off.

#### <u>Summary</u>

## Council is to consider the sale of 65 Cuballing Street, Cuballing WA 6311to recover the costs for unpaid Rates and recovery fees.

#### Background

The Rates have not been paid in full on 65 Cuballing Street, Cuballing WA 6311 since July 2014.

Since the 2014/15 Rates round the property owner has received the Rates Notice, Final Notice, Final Demand and been sent to Debt Recovery, as per Council policy, for each year of outstanding Rates.

In 2015/16 the property owner was successfully served a General Procedure Claim (GPC) and this has progressed to a Property Sale and Seizure Order (PSSO).

The Bailiff was unable to seize enough property to recover the outstanding debt. There was insufficient equity in the property to proceed with a PSSO against the land and to sell it to recover the outstanding debt.

The Shire has received no communication from the property owner and the 2016/17 Rates are also outstanding.

#### <u>Comment</u>

All other avenues for collecting the outstanding debt have been exhausted, leaving no other option than a land sale under Section 6.64(1)(b) of the Local Government Act. This section of the Act applies when rates are unpaid for 3 years.

The total Rates outstanding as at 10 August 2017 is \$9,528.21. This amount is made up of:

| Rates 2017/18              | \$<br>847.56   |
|----------------------------|----------------|
| Bin Service 2017/18        | \$<br>250.00   |
| ESL Current                | \$<br>75.00    |
| Rates Previous Years       | \$<br>1,488.09 |
| Bin Service Previous Years | \$<br>250.00   |
| ESL Arrears                | \$<br>71.00    |
| ESL Penalty Current        | \$<br>1.38     |
| ESL Penalty Arrears        | \$<br>20.03    |
| Penalty Interest           | \$<br>728.04   |
| Legal Charges              | \$<br>5,797.11 |

The sale of any property to recover unpaid rates and service charges is a course of action that the Shire normally wishes not to pursue, however, other legal proceedings haven't been successful in this case.

Ample opportunity would still exist in the sale process for the ratepayer to pay outstanding Rates in full or complete a suitable payment plan to stop the sale of land.

Should Council agree to the Officer's Recommendation, the Shire's Rates Department will be handling all matters in relation to the sale of the property in conjunction with the CEO and Council's Debt Recovery agent.

Costs to sell the properties will be incurred and are recoverable under section 6.56 of LGA. These funds will be received when the sale of the property has occurred, but is expected to be an additional \$5,000. The process can take up to 18 months to complete.

If the land fails to sell at a public auction under the 3 year Land Sale rule it can be transferred into the Shire of Cuballing's name for approximately \$2,000.

Shire staff believes that the sale of this property will recover the outstanding debt on the property.

Strategic Implications – Nil

#### Statutory Environment

Local Government Act 1995

Section 6.55 - Recovery of rates and service charges

- (1) Subject to subsection (2) and the Rates and Charges (Rebates and Deferments) Act 1992 rates and service charges on land are recoverable by a local government from
  - (i) the owner at the time of the compilation of the rate record; or
  - (ii) a person who whilst the rates or service charges are unpaid becomes the owner of the land.
- (2) A person who, by virtue of an Act relating to bankruptcy or insolvency or to the winding up of companies, has become the owner of land in the capacity of a trustee or liquidator, is not on that account personally liable to pay, out of the person's own money, rates or service charges which are already due on, or become due on that land while that person is the owner in that capacity.
- \* Absolute majority required.

Section 6.56 – Rates or service charges recoverable in court

- (1) If a rate or service charge remains unpaid after it becomes due and payable, the local government may recover it, as well as the costs of proceedings, if any, for that recovery, in a court of competent jurisdiction.
- (2) Rates or service charges due by the same person to the local government may be included in one writ, summons, or other process.

#### Section 6.64 – Actions to be taken

- (1) If any rates or service charges which are due to a local government in respect of any rateable land have been unpaid for at least 3 years the local government may, in accordance with the appropriate provisions of this Subdivision take possession of the land and hold the land as against a person having an estate or interest in the land and
  - (a) from time to time lease the land; or
  - (b) sell the land; or
  - (c) cause the land to be transferred to the Crown; or
  - (d) cause the land to be transferred to itself.

- (2) On taking possession of any land under this section, the local government is to give to the owner of the land such notification as is prescribed and then to affix on a conspicuous part of the land a notice, in the form or substantially in the form prescribed.
- (3) Where payment of rates or service charges imposed in respect of any land is in arrears the local government has an interest in the land in respect of which it may lodge a caveat to preclude dealings in respect of the land, and may withdraw caveats so lodged by it.
- \* Absolute majority required.

Section 6.68 – Exercise of power to sell land

- (1) Subject to subsection (2), a local government is not to exercise its power under section 6.64(1)(b) (in this Subdivision and Schedule 6.3 referred to as the power of sale) in relation to any land unless, within the period of 3 years prior to the exercise of the power of sale, the local government has at least once attempted under section 6.56 to recover money due to it.
- (2) A local government is not required to attempt under section 6.56 to recover money due to it before exercising the power of sale where the local government
  - (a) has a reasonable belief that the cost of the proceedings under that section will equal or exceed the value of the land; or
  - (b) having made reasonable efforts to locate the owner of the property is unable to do so.
- (3A) A local government is to ensure that a decision to exercise a power of sale without having, within the period of 3 years prior to the exercise of the power of sale, attempted under section 6.56 to recover the money due to it and the reasons for the decision are recorded in the minutes of the meeting at which the decision was made.
- (3) Schedule 6.3 has effect in relation to the exercise of the power of sale.

Section 6.69 – Right to pay rates, service charges and costs, and stay proceedings

- (1) Up to 7 days prior to the time of the actual sale of any land for non payment of rates or service charges a person having an estate or interest in the land may pay the rates or service charges and the costs and expenses incurred to that time in proceedings relating to the proposed sale.
- (2) At any time after the 7 days referred to in subsection (1) but prior to the time of the actual sale of any land the local government may, upon such terms and conditions as are agreed between the parties, accept payment of the outstanding rates or service charges.
- (3) On payment being made under subsection (1) or (2) the proceedings relating to the proposed sale are stayed and the local government is required to make such notifications and take such measures as are prescribed in relation to the payment and the cancellation of the proposed sale.

Policy Implications - Nil

#### Financial Implications

The successful sale of this property would settle bad debts for money owed to the Shire for outstanding Rates and recovery processes. Any costs incurred as a result of this process can be claimed back through the land sale, if applicable.

Economic Implication - Nil

Environmental Considerations - Nil

<u>Consultation</u> Leanne Shields, Rates Officer AMPAC Debt Recovery

#### <u>Options</u>

Council may resolve:

- 1. the Officer's Recommendation;
- 2. to seize the land and lease it to recover outstanding Rates; or
- 3. not to resolve Officer's Recommendation and seek further information.

Voting Requirements – Absolute Majority

COUNCIL DECISION – 2017-77:
That Council:
1. because rates and services are in arrears for 3 or more years, pursuant to Section 6.64(1)(b) of the Local Government Act 1995, proceed to sale of the property at 65 Cuballing Street Cuballing WA 6311; and
2. authorise the Chief Executive Officer to finalise this transaction.

| Attachments:            |                 |

#### Summary

Council is to consider waiving the fee associated with the hire of the Cuballing Recreation Ground Fee for use of the grounds for the Cuballing Men's Shed's annual Trash & Treasure event.

#### Background

The Cuballing Men's Shed operate weekly on Thursday mornings and has a regular attendance of local men. The Cuballing Men's Shed conduct a range of regular activities and have also complete small maintenance projects for the Shire from time to time.

The Cuballing Men's Shed conduct an annual Trash & Treasure event at the Cuballing Recreation Ground. The Cuballing Men's Shed charges for access to the event for sellers/stall holders who sell to the public who attend. In the past the event has proved popular and there are always willing sellers and buyers who attend.

The Cuballing Men's Shed use this event as a fund raiser to assist with meeting their organisation's running costs.

#### Comment

The Cuballing Men's Shed will be holding their 2017 Cuballing Men's Shed Trash & Treasure on Sunday 8<sup>th</sup> October 2017. The Shire Community Development Officer is working with the Cuballing Men's Shed to maximise the benefit of this event for the larger Cuballing community.

As part of the event organisation, the Cuballing Men's Shed have booked the Cuballing Recreation Ground. They will use the kitchen, toilets/changerooms and oval. The regular fee for this hire would be (5 hours at \$27.50) \$137.50.

In recognition of their active role as community support organisation the Cuballing Men's Shed have formally asked that Council consider waiving this fee.

#### Strategic Implications

The Strategic Plan identifies the importance of building a strong and healthy community by providing access to services that promote a healthy lifestyle. The Cuballing Men's Shed meets provides this service.

<u>Statutory Environment</u> – Nil <u>Policy Implications</u> – Nil

#### Financial Implications

The total hire cost of the Cuballing Recreation Ground will be (5 hours at \$27.50) \$137.50.

#### Economic Implication

The Cuballing Men's Shed's Trash and Treasure allows:

- access to local residents and business to sell products at the event; and
- attracts buyers to Cuballing who purchase products at the event or from local business

#### **Summary**

# Council is to consider the changeover of Council's existing Amman AP2400 multi tyred roller.

#### Background

Council has budgeted to change over Council's existing Amman AP2400 multi tyred roller in the 2017/18 financial year.

Originally purchased in 2008, the Amman AP2400 multi tyred roller reached the end of its economic life and staff have experienced ongoing maintenance issues.

#### Comment

Using WALGA's Council Purchasing service, staff invited quotations from three dealers based in Perth to be received by 28<sup>th</sup> July 2017. All three companies submitted quotations.

A summary of the machines offered included:

| Machine      | Westrac  | Tutt Bryant Equipment          | Conplant                                   |

A summary of the financial aspects of the quotations received is included at Attachment 12.1.2A.

On 21<sup>st</sup> July 2017 Shire staff, including both managers and operators, were able to inspect:

- 1. the CAT CW34 at the Shire of Narrogin;
- 2. the Bomag BW27RH at the Shire of Wickepin.

The review of the machines incorporates the findings of these inspections.

The Amman AP240H could not be reviewed because none are currently in Western Australia.

A review conducted by staff of the machines offered and identified as a priority by Council are included at Confidential Attachment 11.1.2B.

The summary of the reasoning for the Officer's Recommendation in making a value for money assessment of this purchase includes:

- the daily service of the Amman and Bomag rollers were superior because all the servicing is done from ground level.
- The operating position of all the machines was excellent, with good vision.
- the engine and transmission of the Bomag was assessed as superior because of the increased engine power.
- the tyre inflation and management systems of the Bomag were assessed by staff as superior.
- the Cat machine was slightly greater than Council's budget. The Amman was less than Counicl's budget and the Bomag significantly less.

#### Strategic Implications

The replacement of Council's existing Amman AP2400 multi tyred roller is included in Council's Plant Replacement Program.

<u>Statutory Environment</u> – Nil <u>Policy Implications</u> – Nil

#### **Financial Implications**

A summary of the financial aspects of the quotations received is included at Attachment 9.3.1A.

Economic Implications – Nil Social Implications – Nil Environmental Considerations – Nil Consultation – Nil

#### Options

The Council can resolve:

- 1. the Officer's Recommendation;
- 2. to purchase an alternative multi tyred roller from the other two offered to Council;
- 3. to not make any purchase at this time, and seek new offers.

Voting Requirements - Simple Majority

COUNCIL DECISION - 2017-80:

That Council:

- 1. purchase the Bomag BW27RH offered by Tutt Bryant Equipment for up to \$160,000 (GST Exclusive); and
- 2. sell Council's Amman AP2400 multi tyred roller to Tutt Bryant Equipment for \$35,000 (GST Exclusive);

for a changeover price of up to \$125,000 (GST Exclusive).
