Publication by the Shire of Cuballing  
PO Box 13 Cuballing WA 6311

Monthly publication for Cuballing, Yornaning and Popanyinning

December 2018

Around 6am on the morning of Saturday 25<sup>th</sup> November the Cuballing Golf Club machinery shed was engulfed in flames.

The Cuballing Volunteer Bush Fire Brigade were first on scene at 6.30am and by the time they arrived the shed was a smouldering mess. The Cuballing Volunteer Bush Fire Brigade put out the burning grass around the shed and made sure the fire didn't spread to the nearby club house.

Narrogin and Pingelly Fire & Rescue Brigades arrived at 7am and with the required equipment entered the building to extinguish any the smouldering machinery.

In the blaze the Cuballing golf Club lost a tractor, parkland mowers, 2 ride on mowers, a 6 cylinder Kubota mulcher mower, approximately 6 sets of golf clubs, 500lts diesel and of course the shed.

The shed and contents have an approximate value of \$250,000.

While the cause of the fire is yet to be determined, it is believed the blaze started with an electrical fault .

Councillors and staff of the Shire of Cuballing wish a happy and safe festive season and a wonderful 2019 to all.

Please keep safe on the roads!

## HARVEST & MOVEMENT BAN INFO

ABC Radio will again broadcast Harvest and Vehicle Movement Ban information this summer.

- The ABC will have the designated tune-in times for listeners to hear harvest bans – at 10:05am, 12:35pm and 3:05pm.
- The ABC will not broadcast cancellations, but will drop them from subsequent reads.
- The ABC will always direct listeners to the Shire website for more details and for the lifting of harvest bans.

There will be just one simple announcement saying:

"Due to the risk of fire the following local governments have imposed a ban on harvesting and the use of any equipment that could potentially start a fire..." followed by a list of shires.

For further information about a Harvest and Vehicle Movement Ban local residents can:

- Contact the Shire office during business hours on 08 9883 6031;
- Ring the Shire of Cuballing Harvest Ban hotline at any time on (08) 9883-6386 to hear a recorded message providing details of the Harvest and Vehicle Movement Ban
- Contact their local fire control Officer.

## OPTUS MOBILE TOWER

The Shire of Cuballing has approved the proposal by Optus Communication to construct a new mobile telephone service in Cuballing.

Optus Communication sought approval for a 50 metre high mobile telephone tower to be constructed adjacent to the existing NBN/Telstra tower at the eastern end of Bulara Street. As part of the approval process, Council sought comment on the proposal from the 24 nearest neighbours.

While the proposal is now approved, there has been no indication from Optus Communication when the building of the site will commence. The Council approval is valid for two years..

## ROADSIDE CLEARING PERMIT DELAYED BY APPEAL

The clearing permit recently granted to the Shire of Cuballing's to clear roadside vegetation on the Wandering Narrogin Road as part of widening works proposed for this year has been appealed. Shire staff have completed those works that do not require roadside clearing and will return at a later date to complete the widening when the appeal is finalised.

Council staff have recently completed road widening on another section of the Wandering Narrogin Road that was scheduled for 2017/18 but was delayed for six months by an appeal of that clearing permit.

## COUNCILLOR'S PEN

In the Cuballing Shire there are many different types of farms. Cuballing is home to a number of family farms that run pigs. The area is attractive due to the mild climate, secure grain supplies, good water and, most importantly, a community in which the workforce want to live. In fact the Shire of Cuballing produces over 10% of Western Australia's pigs.

One thing they all have in common is the need for strong biosecurity to ensure they can remain competitive in the global markets. When Australian farms are forced to deal with either foreign diseases or new pests or weeds, the profitability of these businesses are affected. These biosecurity breaches can send businesses to the wall and can have large financial impacts on the communities. African Swine Fever (ASF) is one animal disease that has got the world on edge at the moment.

ASF is a disease that had its roots in Africa some 10 years ago. It was originally contained to that continent but has started spreading in the last few years. It has got into parts of Europe, up into Russia and has now spread into China.

It was only detected in China less than 4 months ago but in that time, it has been reported that over 500,000 pigs have either died or been killed to try to stop the disease spreading. Many experts say that these numbers have been under reported by the officials. China is home to over half the worlds pig population. In this period, the disease has basically spread from north to south and east to west. Nearly all the provinces have been affected. There is no vaccine for this virus and it will kill 99% of pigs infected. The surviving ones continue to shed the virus essentially killing all pigs. The interesting point is that the land mass of China and Australia are very similar.

Meat affected by this virus poses no harm to humans. It is perfectly safe to eat, however the virus can survive in meat and other contaminated food/feed products for over 3 months. It can survive some cooking processes and also freezing. When the virus is fed back to either domestic or wild pigs, the virus will continue to kill all pigs it comes into contact with. It can also be spread by humans. It will survive on clothing/footwear and any products that have been in contact with the virus.

With Christmas just around the corner, there will be an influx of gifts from shopping online. Many of these will come from China. We must ensure the virus is not accidentally introduced into Australia. If you have friends or family coming from overseas, please be mindful if pigs are around. The industry generally works on a 7 day exclusion period before being allowed to enter a unit. Any food products must come in through the correct channels and if you are unsure about the risk, please seek advice from the Department of Agriculture. If you have pet pigs, remember it is illegal to swill feed them. This is potentially the greatest risk of infection.

I hope all the residents of Cuballing enjoy the upcoming Christmas with family and friends and enjoy a great Aussie leg ham. Remember, biosecurity is paramount for all the farmers in our Shire.

# SHIRE OF CUBALLING CITIZENSHIP AWARD

The Shire of Cuballing invites you to nominate an outstanding individual or group for one of this year's Australia Day Citizenship Awards to be presented on Australia Day, 26 January 2019.

The awards foster, recognise and celebrate significant contributions to community life and active citizenship in the Shire of Cuballing.

**The Shire of Cuballing Citizenship Awards promote National Pride,  
Community Responsibility and Participation.**

## Guidelines and Criteria

Each year a local citizen and one local community group will be eligible for the Shire of Cuballing Citizenship Awards.

The recipients will be selected from people and groups who have made a noteworthy contribution during the current year, or given outstanding service to the local community over a number of years through active involvement.

## Eligibility Criteria

- Nominees should reside or work principally within the Shire of Cuballing making the award.
- Awards may not be granted posthumously in recognition of recent achievements.
- A person may receive an award on more than one occasion in recognition or involvement in an alternative initiative.
- Unsuccessful nominees may be nominated in future years.
- Sitting members of State, Federal and Local Government are not eligible.
- Staff of the Shire of Cuballing are not eligible

## Nomination Process

The Shire of Cuballing invites nominations for the awards from community groups and private citizens.

The Shire of Cuballing may also make nominations based on local knowledge and experience

## Selection Criteria

The winners will have been judged to have shown active citizenship and:

- Significant contribution to the local community
- Demonstrated leadership on a community issue resulting in the enhancement of community life.
- A significant initiative which has been brought about positive change and added value to community life
- Inspiring qualities as a role model for the community.
- The Councillors of the Shire of Cuballing will select the winners from the nominations received.
- The Shire of Cuballing Citizenship award will be presented at the Annual Shire of Cuballing Australia Day event.

## MEN'S SHED MATTERS

But first, a belated thank you to Adriana and Carlos for their \$100 donation and help at the swap meet.

The reorganisation of the shed is taking shape with the blacksmithing area operational, the metalwork area being sorted, the Women's Shed is roaring along with more ladies signing up and having a thoroughly good time, the Youth Shed is in the planning stage, John and I visited the Men's Sheds zone meeting in Hopetoun which was very productive.

Thanks to the great help from Gordon McDougall and his crew plus another day of digging by John Buise and I the disabled access toilet is finally in place, As part of the shed upgrade, we have purchased a decent saw bench for our wood working area which has been commissioned and is doing a great job.

The Cuballing Men's Shed had been nominated for a Men's Health Award and we received a "Highly commended mention" from the National Men's Health organisation in Sydney for the in-house Men's Shed John Buise and I have been running for 2.5 years at Dillon's special aged care in Narrogin.

There are a number of commissioned jobs in the making such as potato and onion boxes, steel wheels garden bench seats and we have finally found a source for the veneer to restore the Singer treadle sewing machine. The mysteries of the 1800<sup>th</sup> copy lathe are slowly being unravelled and it will be restored to its former glory.

Thanks to the very generous donations from Kay Bullard and Clayton Reed we have now for sale a near new 200cc Drift II go-kart, MTD ride-on mower in good condition, 7 kVA Gentec generator in excellent condition, 19 school wall maps from the 1960s and a teaspoon collection in a cabinet. Not to be outdone, the Narrogin Senior High School donated us 160 stacking chairs which we sell for \$2 each. Not bad for a little Shed eh?

The Men's Shed's Christmas BBQ will be held on December the 11<sup>th</sup> and the Women's Shed will have theirs on December the 6<sup>th</sup>. Our last Men's Shed of this year will be December the 18<sup>th</sup> and our first day back January the 8<sup>th</sup> but the Women's Shed will be open all through.

Enjoy the festive season and see you next year in good health.

Hotham-Williams sub-catchment update

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

## Tunbridge Gully Planting Underway

The Tunbridge Gully reed planting day was held with Boddington District High School students, the Friends of the Reserves – Boddington (Inc.), South32 and Newmont Boddington Gold at the end of October.

Over 7000 seedlings were planted on the day with the aim to restore native vegetation and increase biodiversity in the creekline which is currently being controlled for the invasive weed *Juncus*

*acutus* (Spiny Rush). It was a very warm day and we thank everyone for their efforts.

We are also pleased to advise the Tunbridge Gully project will continue for an additional 2.5 years thanks to South32 funding.

We look forward to continuing to work with all of our amazing volunteers at future planting days.

## Interest in Grants Exceeds Expectations

Our officers have been busy getting around to visit landholders as part of the 2018 Community Environmental Grants. We had great interest in the grant round with 23 expressions of interests in the Hotham-Williams out of a total 67 across the entire Peel-Harvey Catchment. Where possible our officers made a visit to each landholder to help them plan their projects and assist with applications. Applications will now be assessed by our Steering Committees against project criteria and we plan to notify applicants of the results early December.

## Rabbit Virus Released

Thank you to all the landholders and Shire staff who have assisted us with the release of the RHDV-K1 virus to control feral rabbits. Over two weeks in November, the virus was released at 31 sites across the sub-catchment. The project involved pre-feeding of virus free pellets for 3 days prior to the virus release. Landholders have been recording rabbit numbers during this time as well as after the release (to determine effectiveness) which will be included in a centralised national database. Areas in the Eastern States are showing great results since the 2017 release.

If you would like to be involved in future releases please contact us on 0455166780 or [nrm.support@peel-harvey.org.au](mailto:nrm.support@peel-harvey.org.au)

## Farmers for Fauna

We are still working closely with our landholders who live near Dryandra Woodland to provide them with feral animal control assistance. Please get in touch with us if you would like to discuss how we can help on 0455 166 780 or [christine.townsend@peel-harvey.org.au](mailto:christine.townsend@peel-harvey.org.au)

*We would like to wish our Community, project partners and volunteers a safe and Merry Christmas. We look forward to continuing to work with you all in 2019.*

*Please note: Our office will be closed from 21st December and will re-open on 7th January.*
