Monthly publication for Cuballing, Yornaning and Popanyinning

July 2024

Recently The Shire of Cuballing were recipients of the Age-friendly Communities Connectivity Grants Program this grant has provided the SOC to implement Beginner Strength Classes held in the Cuballing Ag Hall each Monday followed by social morning tea and Art Classes in the Cuballing CWA Hall.

Without this grant projects like these would not be possible.

Classes for the beginner strength are at capacity and

have been since the beginning proving to the SOC that there was a need for this type of activity since grant funding classes had run their course the SOC has been funding the classes to keep them running.

Art classes by Peter Denton have also proved extremely popular and have continue beyond their timeframe.

These classes still have spaces please contact Michelle on cdo@cupalling.wa.gov.au or 98836031.

CONCERNED ABOUT LITTERING?

Have you seen people littering and want to do something about it? You could register as a litter reporter.

Register as a Litter Reporter

When you register with the Keep Australia Beautiful Council Litter Report Scheme you are helping us deter people from littering our beautiful state.

To register, please visit the KABC Litter Report Portal

<https://report-litter.kabc.wa.gov.au/register-as-a-litter-reporter/>

About litter reports

When reporting littering it is very important to collect the following information:

- Vehicle registration
- Make, model and colour of the vehicle
- Date, time and place that the littering occurred
- Type of litter that was deposited
- Description of the offender

Person who littered (the driver or a passenger).

When KABC receives your litter report, authorised officers will investigate the complaint and take the appropriate action. An infringement of up to \$500 may be issued for individuals or up to \$2,000 for companies.

The registered owner of the vehicle is considered to have committed the offence unless they can give the name of any person authorised by the registered owner to use the vehicle at that time.

The driver is also responsible for their passengers in relation to this offence unless they can give the name and contact details of the passenger concerned.

Office Opening Hours:
Monday—Thursday,
8.30am—4.30pm
Friday,
8.30am—4.00pm

EMPLOYMENT OPPORTUNITY

Administration Trainee

The Shire of Cuballing is looking for an enthusiastic, energetic and self-motivated person to take on the role of Administration Trainee as part of our small office.

The successful applicant will work under the direction of the Deputy CEO and complete both on the job training and attend studies through online delivery to complete a Certificate III in Local Government. Mature applicants are also encouraged to apply.

Duties will include customer reception, exposure to various aspects of local government, accounting (accounts receivable and accounts payable functions) licensing and record keeping duties. The position is offered as a 12-month contract under the conditions of the Local Government Industry Award 2020.

Further information is available on www.cuballing.wa.gov.au or by contacting Claire at enquiries@cuballing.wa.gov.au or phone 08 9883 6031.

For a confidential discussion about the position, please call Deputy CEO, Narelle Rowe. All enquiries and applications will be treated with utmost confidentiality.

Applications close with the undersigned by 25 July 2024.

PLANT OPERATOR/GENERAL HAND

The Shire of Cuballing is looking for a self-motivated person to take on the role of Plant Operator/ General Hand in a small works crew.

A HR Licence is essential. A HC licence is desirable.

Knowledge of Loader and/or Grader operations is desirable

Further information can be obtained by contacting the Manager of Works & Services, Bruce Brennan, on 0427 836 063 or worksmanager@cuballing.wa.gov.au.

Applications may be emailed to admin@cuballing.wa.gov.au, delivered to the Shire of Cuballing Administration building or posted to PO Box 13, Cuballing WA 6311.

The position is offered at level 4 Local Government Industry Award 2010 (depending on experience). Other benefits include regular overtime, 9 day fortnight and up to 17.5% super.

Applications close with the undersigned by 4pm Friday 12th July 2024.

COUNCIL SHORTS

Financials.

As always Council considered the year-to-date financial position and the payments made during the previous month.

Long Term Financial Management Plan

Following a workshop last month with Senior Staff and our Financial Management Consultant, Council has adopted its Long-Term Financial Plan. This is one of a suite of documents that make up the Integrated Planning and Reporting for local governments in WA. This plan allows Council to project likely income and expenditure over the next 10 years and achieve the goals set out in the Strategic Community Plan.

Asset Management Plan

The Asset Management Plan adopted by Council is one of the suite of documents that make up the Integrated Planning and Reporting Framework. A significant portion of the Shire's work is asset management. This includes maintaining and replacing roads, drainage, footpaths, public buildings, sport and recreation facilities, playgrounds, and parks and gardens. Then of course it is necessary to maintain and replace the fleet of vehicles and equipment necessary to deliver that task. The asset management task is the biggest single component in the Long-Term Financial Plan,

Plant Replacement Program

The Shire plans its fleet, plant and equipment needs on a 10-year planning period. Because there are some very expensive pieces of equipment, like graders and loaders, we do our best to ensure that these replacements are planned for. We do this by maintaining a plant replacement reserve. This allows our contribution to plant replacement to remain consistent over the life of the plan. Council adopted the plant replacement program at the June meeting. This is updated annually, and a new plan adopted each year.

Delegations Register

While Council sets the strategy and direction for Council and oversees the operations, most of the day-to-day decisions are made under delegated authority by the CEO and other staff. At least once each year these delegations must be reviewed, and Council completed this review at the June Council meeting. This review was a little different in that the State Government has mandated that some planning decisions in relation to single houses may only be taken by Local Government staff and will no longer be considered a delegation by Council.

Piggery Expansion

Cuballing Pork was granted planning approval for an increase in the number of pigs that may be kept at its operations in Wardering.

Unallocated Crown Land on the Hotham River

Council was asked by the State Government to consider amalgamating a number of small parcels of crown land into existing Shire Reserves along the Hotham River in Popanyinning. This move will help facilitate river restoration work by the Peel Harvey Catchment Council. While Council was concerned at the additional responsibility with no additional funding it agreed because of the alignment of this project work with the Strategic Community Plan.

CEO Recruitment

After its normal business Council worked through the applications received for a replacement CEO and established a shortlist, with interviews scheduled for 26 June 2024. More information will become available when Council comes to an agreement with the preferred candidate.

SHIRE OF CUBALLING RECEIVES FUNDING TO REDUCE BUSH FIRE RISK

The Shire of Cuballing has been allocated \$182,400 by the State Government to undertake fire mitigation activities on State land managed by the Shire.

The funded activities include:

- Mulching of vegetation adjacent to 12 timber road bridges at various locations in the Shire of Cuballing;
- Reducing fuel loads on a number of road reserves and a Shire reserve through forestry mulching process
- Establishing fire breaks or fire access tracks in the Cuballing townsite

In all 22 discreet activities have been funded.

“These works will allow us to reduce the fire danger in Cuballing as was promised at the community meeting in February.” CEO Stan Scott said. “We will also be able to better protect important shire assets like the timber road bridges.”

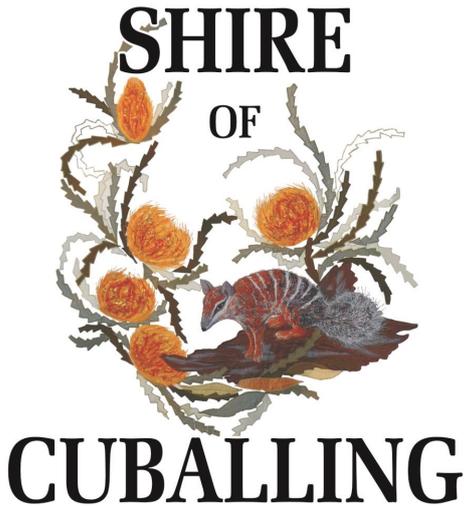

The CEO also acknowledged the efforts of Shire staff in preparing the Bush Fire Risk Management Plan which was an essential prerequisite for receiving funding, and the complex grant application including individual cost estimates for each of the funded activities. “We also want to acknowledge the assistance provided by the Pingelly Community Emergency Services Manager. He has a very large patch to deal with that does not include Cuballing. Cooperation between Shires is always appreciated.

Cuballing’s grant was part of the \$4 million from the Mitigation Action Fund Grant Program allocated by the State Government to 27 Local Governments across WA.

GOLF NOTES – JUNE 2024

Welcome back sports fans, it's that time of the month, we're off with another instalment of Golf Notes.

Saturday 1st June saw 16 people take to the course for a Stableford day. Tricky conditions made for good scores for some whilst others found the going a little tough. Winner of the day with 41 points, and with the wind beneath his sails, hoping to carry this form through to the Great Southern 4 Ball in Narrogin next weekend (SPOILER ALERT! ... He Didn't) was out captain Lindsay George. The Runner-Up was Graeme with 39 points. A bit of a theme occurring for Denty this season, on the podium again but still not quite finding the lofty heights on the top step as yet, his time will come no doubt.

This year the Great Southern 4BBB Par Championship was contested at the Narrogin Golf Club. 10 Cuby golfers made their way out to see what they were capable of. Some good, some not worth talking about. Cool and Damp conditions combined with an ever-tricky Narrogin course made for a challenging day to test the skills. Congratulations to this year's Champions Rodney Ford & James Moore who won the Championship with -1 from their 27 Holes. In the Nett it was our own Simon & Anthony 'President' Howe who came up trumps with +16 to take out top spot. Our next best was 4th Nett with Bernie Maley & Stuart Kempton (Narrogin) coming in with +12. Congratulations to Narrogin on a successful Great Southern Event. Thanks to all the sponsors for their support, in particular Major Sponsor of the Association and our Club, Patmore Feeds.

NARROGIN PUMPS SOLAR AND SPRAYING

The following weekend saw 17 golfers take to the course in perfect conditions golf for the Narrogin Pumps Solar & Spraying Par Round. Some would say the scores looked good thanks to the practice we had at last weekend's Association 4 Ball, this held true, except for Howie, who without Simon there to help him out seemed to struggle somewhat. The

winner of the day was Berine "off on holidays" Maley with a +4. Runner Up was Janus de Bruyn on a count back from Andrew Symonds in 3rd with +3. Thanks to Robe and the team at Narrogin Pumps for their continued support of our club.

Saturday 22nd saw us play our 3rd Qualifying Round sponsored by Ike's Glass. 27 People took to the course in tricky conditions. Winner of the day and the only person to break his Handicap (time for the rest of us to LIFT!) was Janus DeBruyn with an 84 off the stick 71 Nett. Runner-Up on a count back was Nigel (Sandwich Man) Parks with 89 Gross 73 Nett, 3rd was Bernie (in the hips) Maley with an 85 Gross 73 Nett. Our Ladies winner with 34 Points was Leonie Kirby. Thanks to Stu Kempton & Ike's Glass for their continued support of our club. Stu also made his way out for a hit, but we must apologise for the company he had to keep in Bernie & Howie. 🤝

Ike's Glass
9881 1099
Ikes@westnet.com.au

Saturday 29th saw 6 of us head out to Boddington for their Men's open day with the rest of us playing a Sweepstakes Day at home. Our best pair on the field was also the winners of the combined Stableford with Kade Maley & Declin Mumby winning on 70 Stableford Points. 3rd Nett was Anthony Howe & Dan Hawes with 65 Points.

That rounds out this edition of Golf Notes. The tour season is now in full swing minus this weekend with our Club Foursomes Championships being contested.

Coming Fixtures in July: Sat 6th Club Foursomes Championships, Sat 13th Sweepstakes, Sat 20th Sweepstakes, Sat 27th Sweepstakes.

Hotham-Williams sub-catchment update

PHCC Working Together
Peel-Harvey Catchment Council

Edition 88
July 2024

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

Defending Dryandra Work Commences

On ground activities have commenced for the Defending Dryandra – Feral Hotspots Project including feral cat control and camera monitoring on properties near Dryandra Woodland National Park. One of the feral cats that has been culled was a massive 7.1kg. This feral cat would have eaten hundreds of native fauna over its lifetime.

Multiple monitoring cameras have been set on the properties and results from these cameras will determine where we set up the 4G monitoring cameras. The 4G cameras will then send a notification to the pest animal control contractor when fauna is sighted allowing for more targeted feral cat control.

A big thank you to all of the landholders involved in the Defending Dryandra Project.

The Defending Dryandra – Feral Hotspots Project is supported by funding from the Western Australian Government.

Camera monitoring being setup

Time: 9.00am - 3:30pm
Venue: The Williams Sports Pavilion

Registration via the RegenWA website: <https://www.regenwa.com/news-events/events/>

SAF is the new RALF!

PHCC has recently been contracted by the Australian Government to deliver the Sustainable Agriculture Facilitator position (previously the Regional Agriculture Landcare Facilitator) for our catchment. It's been all systems go since then, attending the SAF conference in Canberra, writing a grant application to secure funds and much more...

Mel was able to attend the National SAF conference in Canberra over 30th April to 3rd May. The conference included several field trips and there was two days of knowledge sharing, understanding the role and network and hearing from a wide array of guest

Mel and her new friends

speakers on many topics including climate change and agriculture, carbon farming, and environmental markets, followed by training. It was great to connect with new and old contacts, including the WA SAF network.

Since the conference Mel and Amy have been looking for opportunities to support our farming community and have recently applied for a large State NRM grant entitled "Resilient Farms, Nature and Communities", wish us luck!

Keep an eye out on our socials, email newsletters and get in touch with any questions or queries.

The Sustainable Agriculture Facilitator position is funded and supported by the Australian Government as part of the Climate-Smart Agriculture Program (CSAP) under the Natural Heritage Trust.

Hotham-Williams sub-catchment update

New Tricks at Pumphreys Bridge

PHCC tried something new at the Pumphreys Bridge project site on the Hotham River in June by planting mature trees within this year's revegetation area. The large boulders placed along the river between the public camping & picnic area has provided an ideal space for revegetation. By including mature trees, they will be visible straight away and visitors to the site will see and understand what we are trying to achieve, which is creating habitat and shade for both animals and humans!

For revegetation efforts in natural areas, PHCC usually focuses on small tubestock-sized seedlings, which are much more cost effective and tend to survive better when planted in-situ. We need to give the mature trees a lot more attention to improve their chances of survival and we did this by digging deep holes, adding an organic soil amendment, and placing 'water savers' and mulch around each sapling.

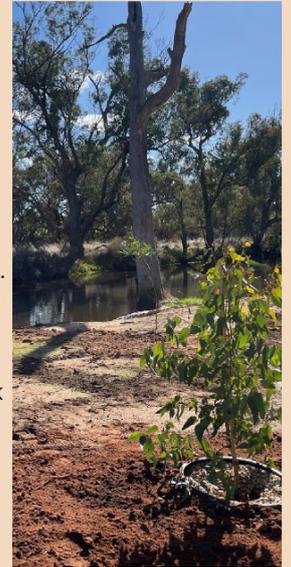

Travis (Jock) Abraham with his family, PHCC staff and volunteers

Tubestock seedlings were also planted along the top of the bank to begin the process of replacing weeds with local sedges and other low-growing species, including saltbush to assist with any potential erosion. The overall intention is to create a buffer of vegetation that eventually provides shade and ground cover but does not block the view of the river or prevent people from walking through.

Thank you to the Shire of Wandering for supplying a bobcat, auger and operator!

The Wilman (Dryandra) People Corporation continue to partner with us, and in this case they nominated Heritage Monitors to be present due to the soil disturbance and particularly deep holes where it was possible that artefacts and other archaeological materials could be unearthed and their cultural knowledge and expertise was a necessary and welcome part of the planting effort.

Save the date - Koompkinning (Pumphreys Bridge) Event
Saturday 31 August.
More information to follow soon!

Recovery Chats Giving Farmers Hope!

In response to the prolonged drought and subsequent feed shortages being felt by livestock farmers across the Southwest, the Western Beef Association Inc. delivered a series of Recovery Chats throughout May. Recovery Chat meetings were held in Albany, Waroona and Kirup, with each event bringing farmers together with a range of experts including veterinarians, agronomists, financial advisors, and mental health support groups.

There were some great presentations which are available to view via the following links:
