THOUSANDS FLOCK TO CUBALLING FOR THE 2026 CUBY GROOVEFEST

A Halloween-themed poster for Cuballing Tavern. The background is dark with warm orange and yellow lighting. At the top, a wooden sign reads 'CUBALLING TAVERN' with a windmill and trees to the left and a full moon with bats to the right. Below this, the word 'HALLOWEEN' is written in large, dripping orange letters, and 'PARTY' is in white, brush-stroke letters. A banner below that says 'SATURDAY 31ST OCTOBER'. Further down, 'LIVE MUSIC' is written in white with musical notes, and 'ALL NIGHT' is in orange. At the bottom, a smaller sign says 'YOU CAN HAVE A SPOOKY DRESS UP IF YOU WANT!' with a ghost, bat, and pumpkin icon. The foreground features a witch hat, a glowing jack-o'-lantern, a skull, a glass of beer with the tavern's logo, and lit candles. The bottom of the poster has the text 'GOOD DRINKS GREAT MUSIC SPOOKY ATMOSPHERE' with pumpkin icons.

GROOVEFEST INVIGORATES CUBALLING

The Cuby GrooveFest weekend (18-20 September) saw Cuballing come alive with over 3,000 visitors to various events over the three days.

The GrooveFest started on Friday with Noongar Elder, Basil Kickett, performing the Welcome to Country, and the Roots and Boots country music night. Darren Gillis and Amberley Maryellen were followed by bands, Rogue Pony, Scarlet's Way and Blue Shaddy. Cuballing's Sundowners put on an impressive linedancing demonstration that, with help from Claire from Cherry Steppers, lead to over 200 people line dancing together. Quite a sight!

Saturday's wild and windy weather posed problems to organisers but didn't stop the Cuballing townsite rocking all day with live music in the Cuballing Agricultural Hall, the bandstand and at the Cuballing Tavern. Visitors flocked to the markets and the many activities along the main street. Highlights were the beautiful numbat mural created by James Giddy on the wall of the Cuballing Tavern, and the wonderful echidna mandala in the tavern garden that was build by artist, Elaine Clocherty, with help from the three Narrogin Primary Schools.

On Saturday afternoon, the music returned to the Oval with the Groove Collective, sponsored by Crisp Wireless. Local bands mixed it up with those from further afield with the final three being 19Twenty, Fool Nelson and the Southern River Band, with many of the 1450 ticket holders hitting the dance floor.

The GrooveFest concluded with a musicians' breakfast where local and emerging bands could talk to members of the Southern River Band in a session facilitated by 107.3 FM's Joe Mahon.

Whilst the survey results are yet to be collated, the response from festival goers, stall holders and local businesses was overwhelmingly positive. Visitors were so impressed with our little town which was looking its very best, thanks to the Shire of Cuballing and the GrooveFest decorators, lead by Elmarie Breytenbach.

The festival was made possible by funding from Revive Live (Office of the Arts), Tourism WA, Lotterywest, CBH and Graincorp, and sponsorship from the Shire of Cuballing and many local businesses – Crisp Wireless, Wongee Farming, Great Southern Fuels, Halanson Earthmoving, Lane Buck and Higgins, Totally Sound, AFGRI equipment, Atsure, Balco Hay, Byfields, Elders Narrogin, R J Smith Engineering, the Shire of Narrogin, Simron Transport and the Wheatbelt Development Commission plus many small businesses and individuals.

The Cuby GrooveFest committee is extremely grateful to all those who supported, helped out and came along to the festival. The Cuby GrooveFest Inc is a registered charity so, if you'd like to make a 100% tax free donation, we would welcome your support. If you forgot to buy merchandise, we will have a stall at the Narrogin Show or you can buy on line.

Until 2028!

PRESIDENTS PEN

Cuby GrooveFest 2026

The second Cuby GrooveFest has come and gone, once again showing what the Cuballing community can achieve by working together. This year, the volunteer GrooveFest Committee took responsibility for managing the event, building on lessons learned from the inaugural festival in 2024. The weekend was the culmination of 18 months of planning, negotiation and administration. Ticket sales, camper numbers and visitor numbers all increased, along with the variety and quality of the musicians performing.

The Shire and Council provided practical support where needed, but it was a small army of volunteers who came together to make the festival happen. The cricket oval was transformed into a lively entertainment venue, while the equestrian center became a small village for the weekend. It was wonderful to see so many people enjoying our town and supporting local businesses, with festival profits also flowing back to our clubs.

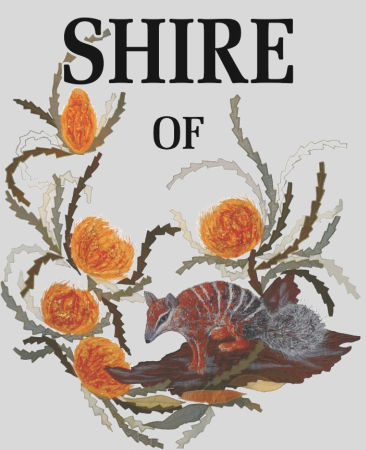

In addition to two nights of great music from local and professional bands, festival goers enjoyed a wide variety of free activities and displays throughout the weekend.

Are you ready for Summer?

October is the time to check our properties and clear the winter build-up of flammable material from the ground. Information about firebreaks and hazard reduction was recently sent to all property owners with their rates notices. Experts are forecasting a long, hot summer, so now is the time to reduce hazards and make sure we are prepared.

COUNCIL SHORTS

Award of RFQs 1,2 & 3 for 2026-27 Financial Year

Council awarded the following contracts for roadworks for 2026-27:

- RFQ 01/2026-27 Supply of Bitumen Surfacing Works – Bitutek Pty Ltd
- RFQ 02/2026-27 Supply of Stabilisation & Wet Mixing – Western Stabilisers Pty Ltd
- RFQ 03/2026-27 Supply & Delivery of Aggregate – Heidelberg Materials

Shires of Cuballing & Narrogin Joint Local Emergency Management Arrangements

The Shire of Cuballing and Shire of Narrogin have developed joint Local Emergency Management Arrangements (“LEMA”) to provide a coordinated approach to emergency management across the region. These arrangements recognise that emergencies do not necessarily occur within local government boundaries and that effective emergency management can require the sharing of resources, information, facilities and personnel between the two Shires and supporting agencies.

As recommended, Council adopted the joint Shire of Cuballing and Narrogin Local Emergency Management Arrangements and Shire of Cuballing Local Recovery Plan.

The LEMA document establishes the overarching framework for:

- prevention and preparedness;
- emergency response and incident support;
- community information and communication;
- emergency relief and support; and
- recovery following an emergency.

The arrangements are supported by specific plans and procedures addressing emergency relief, incident support and community recovery.

Development Application – Unhosted Short Term Rental Accommodation

The Council reviewed and approved a development application by Mr John Robertson for the use of the existing dwelling located at 79 Alton Street, Cuballing as Unhosted Short-Term Rental Accommodation (Unhosted STRA).

18 conditions were imposed on the initial 1-year approval, including requirements for the property to be operated in accordance with the approved Property Management Plan and Code of Conduct at all times, a nominated local property manager/caretaker being available, a limit on guest numbers per night, no unreasonable noise or antisocial behaviour impacting on nearby properties, and ensuring that all electrical and safety equipment is certified and operating as per statutory compliance requirements and Australian Standards.

Office Opening Hours:

**DO YOU KNOW WHAT THE MANDATORY
ESL LEVY IS FOR?**

The Emergency Services Levy (ESL) is an annual charge paid by all property owners in Western Australia.

Every dollar raised through the ESL pays for the delivery of critical and life-saving fire and emergency services across the State. In the event of a structure fire, bushfire, flood, storm, cyclone, hazardous spill, road crash or any other emergency on land or sea, our role at DFES is clear.

We are here to protect this State and its people; your property and assets; the places you live, work and play; and your community. The ESL helps us to deliver fire and emergency services for all Western Australians — at any time of the day and night and throughout the year.

DOG AND CAT RENEWALS 2026/2027

WHERE DO I RENEW OR REGISTER MY DOG/CAT?

Registrations can be completed at the Shire Office during Office hours Monday to Friday. Firstly, a registration form must be completed (can be collected from the Office, via email or on the Shires website). It is a requirement by Law to produce proof of the microchip number, which can be scanned at the Shire office. Please be advised that proof of sterilisation, typically a sterilisation certificate, must also be provided. An additional discount may be applicable if you are a Concession Card Holder. Proof of your concession will also need to be provided when lodging your animal's registration. Renewal Notices will be issued at the end of September and will be due on the 31st of October. Payment for the renewal of your dog/cat can be done in person, via direct debit or over the phone.

WHY REGISTER?

Dog owners are required by law to have all dogs over the age of 3 months microchipped and registered with Local Councils. Cat owners are also required by law to have all cats over the age of 6 months sterilised, microchipped and registered with Local Councils. Registrations for both Cats and Dogs are also transferable within Western Australia. Registration Periods are from the 1st of November to the 31st of October each year. The year of renewal will change depending on whether your Dog/Cat has been registered for 1 year, 3 years or Lifetime.

WHAT IS THE CIRCUMSTANCES CHANGE AFTER REGISTRATON?

When you move address, relocate an animal or if your animal sadly passes away, please advise us of these changes. You can contact the Shire Office over the phone on 9883 6031, via email or in person at our Office Building. Change of animal ownership must be done by completing a transfer of ownership form either in person or emailed to the Shire administration staff. You find all forms on the Shires website.

Rates Incentive Prize 2026/2027

This year for the 2026/2027 rates incentive prize, there is a chance of winning one of 75 Vouchers from Cuballing and surrounding towns local businesses. There are 25 x \$100 vouchers and 50 x \$50.00 vouchers that will be drawn at random.

The rates prize draw is open to all ratepayers who pay their 2026/2027 rates in full within 35 days from the date of issue.

The Shire of Cuballing would like to thank all the participating businesses, shown below.

VACANT POSITIONS

Administration Officer

The Shire of Cuballing is seeking a self-motivated person to take on the role of Administration Officer.

The successful applicant will possess excellent written and verbal communication skills, demonstrated customer service ability and be able to multitask and prioritise tasks. The Administration Officer will work as a part of the administration team and be responsible for responding to enquiries from the community, banking, receipting and Department of Transport licensing (training provided). The Administration Officer will provide professional executive support services to the Chief Executive Officer and other executive staff.

The position is offered at level 4 of the Local Government Industry Award 2020.

A candidate information package is available by emailing enquiries@cuballing.wa.gov.au or via the Shire's website at www.cuballing.wa.gov.au.

For a confidential discussion about the position, please call Donna Screech on 08 9883 6031. All enquiries and applications will be treated with utmost confidentiality.

Applications which address the selection criteria and include a cover letter and current resume should be sent to admin@cuballing.wa.gov.au or mailed to Shire of Cuballing, PO Box 13, Cuballing WA 6311 and marked "Private and Confidential – Administration Officer Position".

Gardener/Plant Operator/General Hand

The Shire of Cuballing is seeking a self-motivated person to take on the role of Gardener/Plant Operator/General Hand.

Key responsibilities are to maintain Councils lawns, parks, gardens, reserves, and other Council properties and perform other associated gardening duties such as spraying, tree lopping, rubbish removal, and carting of non-road making materials as required.

Responsible for maintaining gardening equipment and supplies. To co-operate with the other works crew members to ensure the works programme is completed efficiently and effectively by assisting with roadwork duties where required.

The position is offered at level 4 of the Local Government Industry Award 2020.

A candidate information package is available by emailing enquiries@cuballing.wa.gov.au or via the Shire's website at www.cuballing.wa.gov.au.

For a confidential discussion about the position, please call Bruce Brennan on 0427 836063. All enquiries and applications will be treated with utmost confidentiality.

Applications which address the selection criteria and include a cover letter and current resume should be sent to admin@cuballing.wa.gov.au or mailed to Shire of Cuballing, PO Box 13, Cuballing WA 6311 and marked "Private and Confidential – Gardener/General Hand/Plant Operator Position".

Hotham-Williams sub-catchment update

5 Rivers NRM
Working Together

Edition 109
October 2026

NRM is the management of natural resources such as land, water, soils, plants and animals. It brings together land use planning, water management, biodiversity conservation and sustainability of industries such as agriculture, mining, tourism, fisheries and forestry.

Welcome to our new Sustainable Agriculture Facilitator, Sam Burges

Sam grew up near Cuballing on a multigenerational farm, where he remains actively involved today. He has also worked in agriculture in Norway, Kenya and the Netherlands, experiences that have helped shape his approach to farming and landscape management.

Prior to joining us, Sam coordinated agricultural projects with Rangelands NRM. Sam is excited to be back in the Wheatbelt and also working across the Swan Coastal Plain, working with farmers and the wider community on the issues that matter most to them while supporting positive landscape outcomes.

Sustainable Agriculture Facilitators are supported by the Australian Government through funding from the Natural Heritage Trust under the Climate-Smart Agriculture Program

As the Sun Brings Anew

These are words from one of the new signs installed at Koompkinning-Pumphreys Bridge – “...As the sun brings anew, with Country and water below, memories and stories will continue to flow. And we must respect this place together for tomorrow.”

We have been working at this site since 2022 to carry out rehabilitation of the Hotham River and riparian environment. During this time, we have established a partnership with the Wilman (Dryandra) People Corporation,

and we have worked side-by-side throughout the project, where they have provided cultural expertise and guidance. Designing and installing signs at our project sites isn't the sole focus of our on-ground activities, but they sure are a good way of communicating to the wider community about what we and our project partners are trying to achieve. Visitors to the site can see what has been happening 'on the surface' and signs can provide context and background to the project activities. So far there are 3 signs reflective of the environmental works, the cultural significance of the site, and more recent history about the CWA Hall.

The intention is to keep on adding more signs as funding allows, to incorporate layers of historical, cultural and environmental information reflective of the rich history and storylines of Koompkinning.

Thanks go to the Shire of Wandering for installing the signs, which were designed with the Wilman (Dryandra) People Corporation, the Pumphreys CWA, Lions Club of Wandering, and the Shire. The beautiful artwork was designed by Aurora Abraham.

This project is supported by funding from the Western Australian Government's State NRM Program. This project is also supported through funding from Newmont (Boddington)

Wilman Elder Jock Abraham with one of the new signs at Koompkinning

Landcare matters

On the Ground in the Upper Catchment

Community On-Ground Works have had a strong year across the Hotham-Williams.

Working alongside landholders, 5.3 km of stock exclusion fencing has gone in across four properties: 2.1 km at Codjatotine, 1.4 km at Bannister, 1.2 km at Marradong and 0.6 km at Wandering (with a fencing project almost complete at Cuballing). Behind those fences, around 8,798 seedlings have been planted, with 5,823 across 2.8 ha at Wandering and 2,975 across 1.8 ha at Codjatotine, covering 17 and 13 species respectively.

Janet and 5 Rivers NRM project officer Kyle at the Wandering project site

Spiny/Sharp rush (*Juncus acutus*) has been the focus of targeted control on two creeklines, with 2.5 ha treated along Marradong Brook at Boddington and a second stage completed in early July across approximately 3.5 ha along Wandering Brook. A further 2.8 ha was prepared at the Wandering revegetation site before the seedlings went in. Coordinated feral pig control has also continued across the upper catchment in collaboration with a local groups, work that is most successful when neighbouring properties act together rather than one at a time.

We have recently received applications for new projects. These are now being assessed and we will be letting successful applicants know soon.

The Future Ready Farming project, is supported by the Australian Government through funding from the Natural Heritage Trust under the Climate-Smart Agriculture Program. The Resilient Farms, Nature & Communities project is supported by funding from the Western Australian Government's State NRM Program

Defending Dryandra

Targeted feral cat control continues on 3 properties near Dryandra Woodland National Park (NP) with 103 feral cats culled since the project began in May 2024. 4G fauna monitoring cameras are helping management efforts by giving insights into location and timing of feral cat activity.

Feral cat captured on monitoring camera

As well as feral cats, native fauna has also been captured on camera including a numbat, chuditch, red-tailed phascogale, quenda and recently a critically endangered woylie. This targeted feral cat management made possible through the Defending Dryandra Project is crucial in preventing these feral cats from preying threatened species in Dryandra Woodland (NP).

We are also excited to share that we have been successful in our application for funding for the fourth round of Feral Cat Management Grants for Defending Dryandra – Phase 2. This 3-year project will continue to implement the targeted feral cat control on properties surrounding Dryandra Woodland NP and raise awareness of feral cats and their impacts on threatened species. A summary the Phase 2 project activities will be announced in early 2027.

The Defending Dryandra Project is supported by funding from the Western Australian Government's Feral Cat Management Grants
